TIPPS

for registration and FAQ's
in our dormitories

When and where should I apply?

- 1 If you want to move into a Home4students dormitory at the beginning of an academic year or during the semester, register for free and without obligation on our website www.home4students.at

The earlier you register the better are your chances to get a room in your favourite dormitory.

- 2 After your registration we will send you an **update link once a month** to check that you are still interested. We'll send you an offer as soon as possible.

Which Home4students dormitory is the best for my needs?

You can pick your favourite Home4students dormitory out of **20 houses** and each of them is a little bit different. We offer a wide range of dorms with a variety of facilities and price categories, so there is something to suit every requirement and budget. **Select the dormitory that best matches your needs.**

- 1 If possible, **go and have a look** at your future home before moving in. Our dormitory administrators will show you around. Please arrange an appointment with the dormitory administrator.
- 2 In most Home4students dormitories you can stay all year long.

Our two **10-months dorms in Graz and Innsbruck close during the summer**. That means you have to move out by June 30th and **you don't have to pay the monthly rent and save money**. From September 1st you can move in again. Of course, also in your room.
- 3 The **location** of your dormitory is another important point. Check out the **distance finder** on www.home4students.at. This convenient tool calculates the way from your university to the desired dormitory.
- 4 Find all information regarding **equipment, prices and contact information** on our website.
- 5 We offer **all-inclusive rates**: furnishings, heating, electricity, hot water, internet, TV connection, cleaning, technical support and the use of the common rooms are included.
